

Simple Solutions for Seamless EMR/EHR Integration

Secure and HIPAA-Compliant Solution

Electronic, HIPAA-compliant patient reports transferred to your EHR system seamlessly and securely

Our Experience

BioTel Heart has over 15 years of integration experience with most EHR systems including: Allscripts, Cerner, EPIC, GE Centricity/Muse, eClinical Works, NextGen, Athena, Epiphany, Meditech

15
YRS

Knowledgeable, Dedicated EHR Team

BioTel Heart will provide dedicated support throughout the entire integration process to ensure an automated workflow in a smooth and timely fashion

Reports Available 24/7 in Your EHR System

View reports in the patient's medical record anytime and minimizes potential of errors from manual data entry

Environmentally Friendly Solution

No more printing and scanning – our digital EHR solution can significantly reduce paper waste while improving the clarity of clinical reports delivered to your system

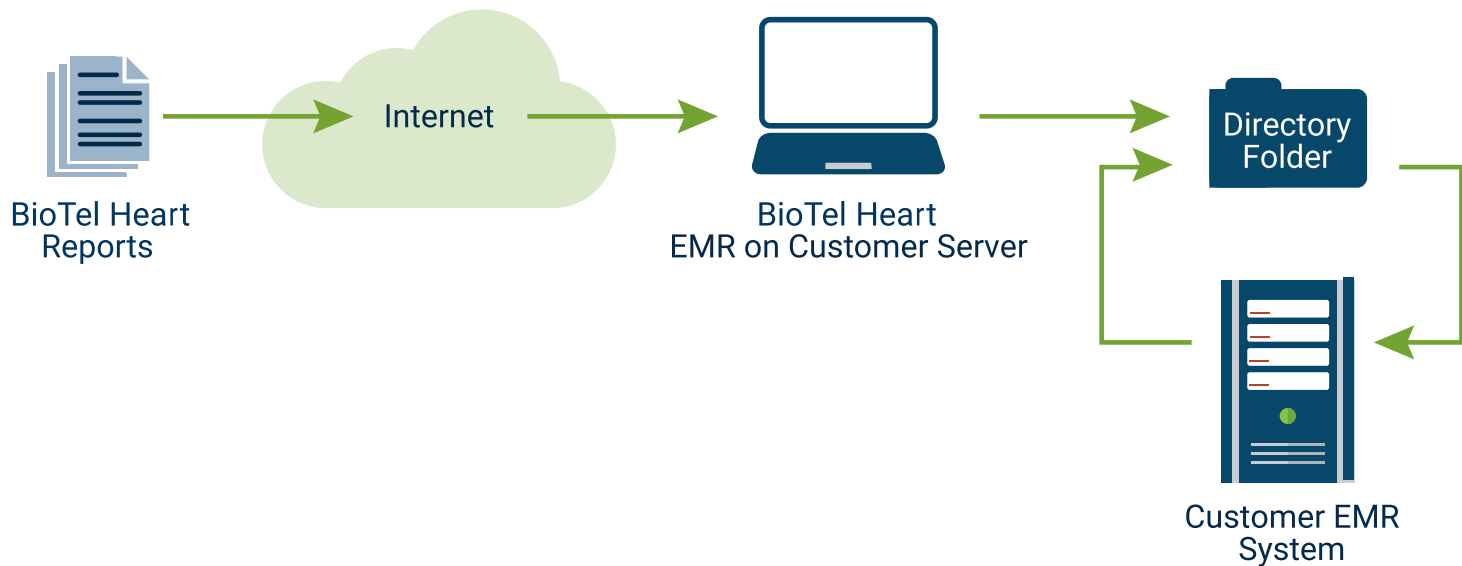

Flexible Integration Design

Bi-directional, uni-directional or customized solutions

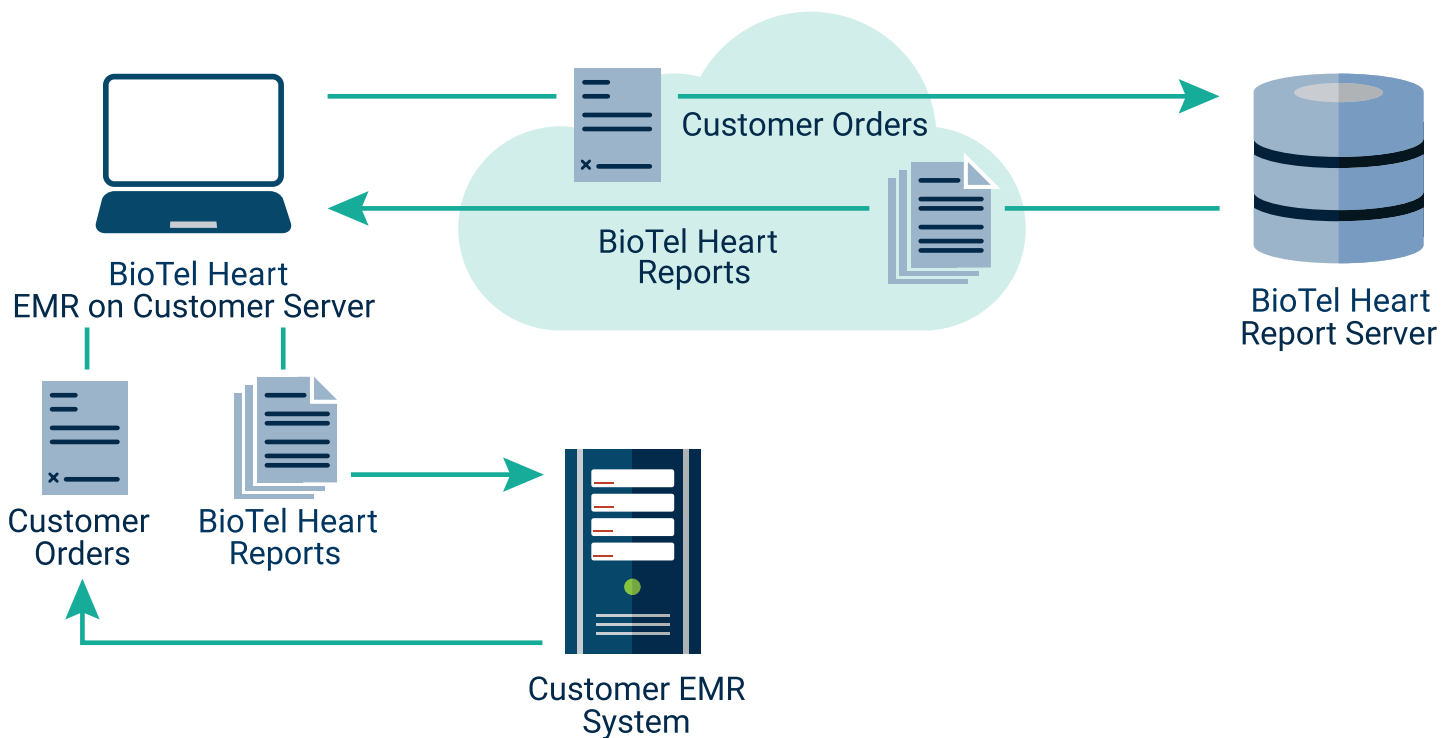

Uni-Directional, Bi-Directional or Customized designs at no cost to you from BioTel Heart

Uni-Directional Integration

Bi-Directional Integration

To get started, contact your local BioTel Heart Account Executive or call 1.866.426.4402

BioTel Heart's EHR team is ready to work with you and your staff to evaluate current workflow and formulate a plan to streamline your processes.
